Instructions:

- Think Back on Your Year: Take a moment to remember all the fun, interesting, and special things you've done this year. What stands out?
- Draw Your Favorite Moments: In each of the 3 film frames hanging from the camera, draw one favorite moment from your year! This could be a fun event, something you accomplished, or any other memorable experience.
- Add Some Details: Don't forget to include little details! You can add symbols, words, or tiny objects around each drawing that help show why this moment was special.
- Once completed, cut out your camera and film following the outline and poke 2 holes where the holes are located on either side of the camera.
- Lastly, use the ribbon provided to loop and tie into the holes you have created to be able to wear your camera around your neck or hang on your wall.
- Share and Celebrate: Once everyone's finished, we'll look at each other's snapshots and celebrate all the awesome moments from this year!
